

APUSH - Remote Learning Schedule, April 13-17, 2020

Mr. Hutchison's Classes

Welcome Back!!! It's been a month since we last sat in the classroom together and we have five more weeks before the earliest we can return. I know that the weeks we have been out so far have been confusing at times as far as expectations and what would be the plan developed by WCPSS. But now we are ready to move into a NEW PHASE on Monday! We will officially begin "Remote Learning" which for APUSH will include covering the content and developing the skills associated with Time Periods 6 & 7 as well as preparing you for the MODIFIED AP Exam for this year. For details about the AP Exam and more from College Board, check out the announcements on [AP Central](#). Also, remember that there are numerous resources available on your AP Classroom for this course accessible through AP Central and the College Board has been posting review sessions on [YouTube](#).

Below you will find the class schedule we will be following for the next five weeks. For our class, the basic expectations will be:

1. Complete the assigned activities on your own schedule BEFORE each class session.
2. Submit your work by saving it in a Google Folder which you share with me at [THIS LINK](#).
3. Be prepared to ask any questions you may have and discuss the activities you have been doing during the morning class sessions.

For your first class session (Monday for 1st & 2nd periods, Tuesday for 3rd period), you may want to review the videos posted on the class blog on [ghhsapush.com](#) covering Time Period 6: The West & Populism which were posted two weeks ago. I will give you a specific schedule of activities each week. You can find these schedules and all activities on the Class Canvas Account starting Monday. On the NEXT PAGE you will find all of the activities for this week. Please email me if you have any questions! I'm excited to start learning together again next week!
